

**Remarks/Arguments:**

The instant amendment supplements the after final amendment filed on or about October 17, 2008, by correcting an inadvertent clerical error. In claim 61, line 3, "at least" is deleted.

The error is readily apparent from the remarks of the previously filed amendment. As explained at page 6 of the amendment (emphasis original):

New claim 61 limits the "nucleotide chain of at least 30 consecutive nucleotides of SEQ ID NO: 2" of claim 20 (emphasis added) to a "nucleotide chain of 30 consecutive nucleotides of SEQ ID NO: 2" (emphasis added).

In other words, "at least" was (and is) not supposed to be recited in claim 61.

Though inadvertent, the error is regretted, nonetheless.

Favorable action is requested.

Respectfully submitted,

JACOBSON HOLMAN PLLC
